

We, members and friends of the groups Alternatives to War, Benedictines for Peace (St. Joseph), Pax Christi St. Cloud and Veterans for Peace, wish to publicly express our concern about the U.S. involvement in Afghanistan. With other groups around the country, we urge a change in U.S. policy. **We support:**

- **No additional troops be sent to Afghanistan**
- **An exit plan for withdrawal**
- **Talks with all Parties to the conflict**
- **Generous financial support to Afghan civilian-led development**
- **Funds for Human Needs, not war and occupation**
